STREET PAVING QUESTION.

Last Meeting of the Committee Having the Matter Under Consideration.

The committee on streets will meet this evening for the purpose of considering communications of the chamber of commerce in reference to street paying with a view of taking action on a permanent paving system in accord ance with a legislative act which authorizes the expediture of \$500,000 to be alsed by Issuing bonds.

Members of the committee have been to Buffalo, Syracuse and Albany where brick pavements. To-night's meeting is for the purpose of allowing any who wish to present their views to do so. It will be the last hearing on the matter, and it is expected that the committee will soon prepare its report.

DRISCOLL WOULD SETTLE.

The Contractor Offers His Creditors Fifty

Cents on the Dollar. Michael F. Driscoll, the contractor who built the annex to the postoffice, has written the sub-contractors that he will settle with them for 50 cents on the tollar. The building has just been acepted by the government, but Mr. Driscoll says he has lost money on the ontract and can now pay only 50 cents on the dollar. He says he accepted the ontract price under protest and will sue in the court of claims for the sum he lost in putting up the building, on the ground that the government refuses to pay for extras and caused delay in

While the building was going up the inspector several times found that the work was not done according to the plans and ordered the contractor to make the necessary changes. All this extra work Mr. Driscoll put in a claim

for, and it was not allowed. Should he win his suit he says he will pay the other 50 cents. It will probably be three years before the sult can be decided.

Daniel E. McNamara, the plumber in Gregson street, who had a \$490 contract on the building, is circulating a paper among the sub-contractors for hem to sign for a settlement of 50 ents on the dollar.

The other claimants are Hayes & Rourke, plumbers; the J. Gibb Smith ompany, woodworkers; James Farrell, painter, and the Brainard Quarry company, of Portland, this state.
